

Agenda

An in-person event held on Western Campus in London Ontario Nov 19-20 2026.

Main objective:

Identify core outcomes, methods, and data elements for integrated platform for Bone Health Across the Lifespan

Time

Session

Day 1: Nov 19, 2026, Setting the Stage

8:30-9:30	Breakfast Welcome & Opening Remarks	Tina Ziebart and Jay Stock
9:30-10:15	Keynote: Lifespan perspective in bone health research- Imaging perspective	Steven Boyd
10:30- 11:15	Panel Presentation: Bone health across the lifespan- Research Application Perspective	Sasja, Nik Knowles and Jamie Fleet
11:15- 12:00	Presentation: Bone health across the lifespan- Clinician perspective	Funmbi Babalola
12:00-1:00	Lunch Activity: Identify research priorities	Lora Giangregorio
1:00-1:45	Interactive Discussion: How do we take a lifespan approach to understanding bone health?	All Attendees
2:00-2:45	Interactive Discussion: How and what outcome measures should we prioritize to establish a unified approach to bone health across the lifespan?	All Attendees
3:00- 4:30	Flash Talks: What We're Most Proud Of – Research Showcases	All attendees. 3 min thesis style
5:00-7:00	Social	

Time**Session****Day 2: Nov 20, 2026, Building the Future**

8:30-9:00	Breakfast and welcome	
9:00–9:45	Keynote: Application of data collection and data management	Joy MacDermid
9:45-10:45	Panel: Database Design & Governance Models	Ali Rushton, and TBD
11:00–12:00	Keynote: Use of Artificial Intelligence to summarize and integrate large data	TBD
12:00- 1:00	Lunch and Learn- Community Partners Perspectives Panel on barriers, facilitators, needs for uptake	Hospital, Clinic, Industry reps, patient partners
1:00-1:45	Interactive Session: How do we get national and international buy in?	All attendees
2:00-2:45	Interactive Session: How do we consider beyond academia?	All attendees
3:00-4:00	Summary Session: Key Outcomes, Priorities & Next Steps	Chris Forgaard and Shannon Woodhouse
4:00-4:30	Closing Remarks & White Paper Commitment
